Brandon found out just how hard a dominant master Faith can be. She wasn't softened by his innocent look, and she proceeded to tie him up and place a ball gag in his mouth. While bound, he endured face slapping and ass slapping. Master Faith was so turned on by such erotic humiliation of her submissive playtoy that she had him strip and then bound him in such vulnerable and humiliating sex positions. With his arms bound awkwardly above his back, he endured forced cocksucking and then getting fucked while his ass was sticking up and so vulnerable. Since Faith realized Brandon was such a submissive slut, she turned him over, and fucked him with a fucking machine while he was bound. Since he was a good little slut, his dominant master rewarded him by letting her kneel in front of her pussy and do his magic.

Naughty Derrick got taught a hard lesson by Evie. With his teasing ways, Master Evie decided to show him how he treats sluts like him. She gropes him and fondles his breasts and then he's bound, on his stomach, onto the floor. She exposes his ass, and he's left wondering what she's going to do. Sometimes it's the anticipation, mixed with the erotic humiliation, that gets a sub into subspace. It wasn't long before Evie got him up onto his knees to enjoy some forced pussy sucking. Rope bondage ensues, and Derrick is fucked in all sorts of positions. She leaves him alone for awhile to ponder if he wants to be her submissive sex toy. He gives her his answer by sucking his pussy while he's restricted in rope bondage, looking longingly for approval at his master.
